

The screenshot shows a spreadsheet interface. At the top, there is a formula bar containing the text `=customer_name`. Below the formula bar, there is a table with four columns: **Product**, **Price**, **Amount**, and **Date**. The first row of data contains the following values: `=product_name`, `=price`, `=amount`, and `=ordere`. A red arrow points from the right side of the image towards the formula bar.
